9th January 2025

Dear Parent/Carer,

We have begun working with the Adults Learning Disability Nursing Team to ease transition between children's and adult's services. In order to aid transition, the team have requested the names and Dates of Birth of all pupils from Y10-Y13. Once details have been shared, the Adult Nursing Team will run a clinic in school, which you will be invited to attend with your child when they are 17. This is to introduce the nursing team and discuss any changes, needs or procedures that may be different as your child turns 18. The aim of this is to smooth what can be a challenging and frustrating time for families and make this transition as seamless as possible.

All information will be sent securely in a password protected document, only for the purposes of arranging support during the transition phase to ensure that all pupils for whom it is applicable have the correct support in place as soon as they turn 18.

If you are happy for us to share your child's details for this purpose, please complete the form below. Likewise, if you wish to discuss this further, please contact me in school.

Many Thanks,

Rachel Wilson

Deputy Headteacher

I do/ do not give permission for my child's name and Date of Birth to be shared with the nursing transitions team to support me in transitioning to adult services.

Child's name: _____

Signed: _____ Date: _____
