

ECO-SCHOOLS UPDATE

Switch Off and Save!

🔍 What's been happening?

Our pupils have been busy becoming Energy Detectives! 🕵️♀️💡

They have been checking around school to see where lights and devices are being left on. We completed a check in December and again in March.

✨ We are proud to share that there has been a clear improvement! More lights are now being switched off when they are not needed. Pupils have been: Taking part in Eco Council meetings. Going on energy patrols around school. Using symbols and visual prompts to check lights. Helping adults remember to switch things off. They are making a real difference to our school environment 🌱

Be an
Energy
Detective
Champ!

💡 Be an Energy Detective! (School & Home)

We would love everyone to join in and become an Energy Detective

At school 🏫 Turn off lights when leaving a room. Help adults check devices are switched off. Take part in energy checks and Eco activities

At home 🏠 Turn off lights when you leave a room. Switch off TVs, tablets, and consoles when not in use. Spot ways to save energy together as a family

★ Every small action helps!

☀️ Have you got any ideas?

We would love to hear from you! Do you have any ideas on how we can improve our energy efficiency at school?

💬 Let us know your ideas and help us become an even more eco-friendly school!
